why are you doing this training? (required)

-----

Basic course completed                      yes                       no

- **Typ I** Cutting (e.g. oil glands, warts, etc.: with the CO<sub>2</sub>- or Erbium Laser)
- **Typ II** Cutting on anogenital skin and mucous membrane (z.B. Er:YAG, Vaginallaser)
- **Typ III** Resurfacing (Erbium, CO<sub>2</sub>, fracational RF, microneedling RF), Narben, drug-delivery
- **Typ IV** Vascular (long pulsed NeoDym YAG, IPL, Alexandritlaser, KTP, Diodenlaser)
- **Typ V1** Endogenous pigmentet lesions (e.g. lentigines, senile lentigos on hands)
- **Typ V2** Exogenous pigment (e.g. tattoos, permanent make-up with q-switched lasers)
- **Typ VI** Permanent hair reduction (Alexandrit, Nd:YAG, Diodenlaser, IPL)

The number of required treatments to receive the certificate is regulated by the laser commission ([www.laserkommission.ch](http://www.laserkommission.ch), Fähigkeitsausweis). There are multiple alternatives to achieve the requierements.

**Version 1:** Attend the daily routine at the House of Skin & Laser Medicine during the week at the clinic in Kilchberg or Enge.

**Version 2:** Attend an intensive course on a Saturday at the clinic in Kilchberg.

**Additional:** Smartaging Swiss Academy AG Workshops. The Internship communicates theoretical knowledge as well as necessary practical exercises including a documentation.

The costs per internship type I and II are each CHF 1'500, the ones for type III-VI CHF 1000 each. The costs for the workshop (CHF 200) and are not included in the internship costs. The corresponding amount will be invoiced by the Smartaging Swiss Academy AG and has to be transferred at the beginning of the internship to the bank account listed below.

You will receive a confirmation of participation. The document can be submitted together with the certificate for the basic course tin order to apply for the Certificate of Competence for laser treatments on the skin.

The participants will only receive the certificate by the laser commission, if they have a specialist doctor qualification ([www.laserkommission.ch](http://www.laserkommission.ch)). However medical practitioner or a doctor-in-training is welcome to participate at the training course.
